Dear Sir

I wish to thank you for sponsoring me to go to the Australian cotton conference.

The cotton conference gave me a much better understanding and knowledge of all aspects of cotton and the cotton industry. The sessions gave me a better knowledge of management, growing cotton and where the industry is heading.

The cotton conference also gave me a wider understanding of the career paths available in the cotton industry.

It was much appreciated to be sponsored to attend the 14th cotton conference which was a great learning experience and showed the career paths available.

Hugh Pursehouse.
