

*Cotton Research and Development  
Corporation*

---

**Final Report**

Corporation's Code: DAN 72 C

**Commencement Date:** July 1992    **Completion date:** June 1993

**Project Title:**                    **Global Positioning System for  
Cotton**                                    **Research**

---

Field of Research:                    All            **Field Codes:** 2.6

---

**Organisation**                                    NSW Agriculture  
Administrative Contact                    R.C. Scott Assistant Manager (Industry Funds)  
Telephone:                                    (063) 913 489                    Fax (063) 913527  
Postal Address                                    Locked Bag 21 Orange NSW 2800

---

**Project supervisors**                    Mr G. Shaw Program Leader (Cotton)  
Telephone:                                    067 931105                    FAX: 067-931186  
Postal Address                                    Agricultural Research Station, PMB  
Myall Vale, NARRABRI, NSW 2390

---

**Research staff:**                                    Soils researcher, Nilantha Hulugalle  
Weeds, Graeme Charles  
Pathology, Stephen Allen  
Entomology, Neil Forrester, Gary Fitt (CSIRO)  
Agronomy, Philip Wright  
**Other collaborating staff:**                    Soil Management Training, David Larsen

---

## SUMMARY

A Magellan Nav pro 5000 receiver and external antenna kit was bought and tested.

The unit has recorded the locations of soil pit and disease sampling sites.

Sites for sampling organic matter were located from data gathered by the GPS unit.
