

### Presentations

- January 1996 Visiting Indian scientists
- March 1996. Farmers and agency staff from South Australia
- May 1996. Wyuna Landcare Group. On-farm salt balance.
- October 1996 Murray Dairy Board
- November 1996 MDBC forum, Goolwa. 'Salinity Control with Sustainable Farm Salt Balance through Integrated Management'.
- December 1996. Harston Landcare Group. Management of the on-farm salt budget through groundwater pumping.
- November 1996. Open Day, ISIA, Tatura, 27 November 1996. Groundwater pumping for watertable control.
- December 1996 Scientist group from Israel
- December 1996. CRC for Catchment Hydrology, Albury
- January 1997 Scientists and policy staff from Vietnam
- January 1997 Seminar at ISIA, Tatura.
- July 1997. University of Melbourne, Civil and Environment, post graduate seminar series
- October 1997 MDBC forum, Jindabyne. 'Salinity Control with Sustainable Farm Salt Balance through Integrated Management'.
- July 1998. CRC for catchment hydrology
- July 1998. Western Australia dairy farmers
- August 1998 Conference, Toowoomba. 'Management of Saline Drainage Water on Irrigated Farms'.
- September 1998. Students from RMIT
- October 1998. University of Melbourne, Civil and Environment, post graduate seminar series
- March 1999. Catchment Management and Sustainable Agriculture.
- July 1999 Students from New Zealand.
- November 1999 MDBC forum, Tatura. 'Salinity Control with Sustainable Farm Salt Balance through Integrated Management'.
- March 2000. Cohuna Landcare group. Options for disposal of saline waste waters.
- June 2000. Current research in progress, Murray Valley. Deniliquin

### Presentations to committees of Land and Water Management Plans

- November 1996. Sub-Surface Drainage Working Group of the Shepparton Land and Water Management Plan.
- November 1996. Irrigation Committee of the Shepparton Land and Water Management Plan.
- May 1996 Sub-Surface Drainage Working Group of the Shepparton Land and Water Management Plan.
- October 1996. 1996 Sub-Surface Drainage Working Group of the Shepparton Land and Water Management Plan.
- January 1997 Sub-Surface Drainage Working Group of the Shepparton Land and Water Management Plan.
- March 1997 Sub-Surface Drainage Working Group of the Shepparton Land and Water Management Plan.
- April 1997. Sub-Surface Drainage Working Group of the Shepparton Land and Water Management Plan.
- June 1997. Sub-Surface Drainage Working Group of the Shepparton Land and Water Management Plan.
- December 1997. Sub-Surface Drainage Working Group of the Shepparton Land and Water Management Plan.
- June 1998. Sub-Surface Drainage Working Group of the Shepparton Land and Water Management Plan.
- August 1998 Berriquin Community Land and Water Salinity Management Plan.
- November 1998. Sub-Surface Drainage Working Group of the Shepparton Land and Water Management Plan.
- March 1999. Berriquin Community Land and Water Salinity Management Plan.
- May 1999. Berriquin Community Land and Water Salinity Management Plan.
- September 1999. Sub-Surface Drainage Working Group of the Shepparton Land and Water Management Plan.
- September 1999. Berriquin Community Land and Water Salinity Management Plan.

- October 1999. Berriquin Community Land and Water Salinity Management Plan.
- January 2000. Berriquin Community Land and Water Salinity Management Plan.

#### Field days

- June 1996. Groundwater pumping for salinity control
- October 1996. Watertable Watch Field Day at Wyuna
- July 1999. Mt Scobie, Land and Water Management Plan
- December 1999. Mt Scobie, general public
- March 2000. Mt Scobie, farmers and representatives from the Berriquin Community Land and Water Management Plan.
- April 2000. Blighty, Land and Water Management Plan
- June 2000. Field tour to Mt Scobie. Participants of workshop on Developing Best Management Practices for Sub-surface drainage.

#### Written

- May 1996. project pamphlet (summarises project objectives and methods, distributed to visitors)
- October 1996. Irrigation research forum (MDBC), Goolwa
- November 1996. Article in the Country News
- November 1996. Groundwater pumping for watertable control.
- October 1997, Irrigation research forum (MDBC), Jindabyne
- June 1998, ISIA's Biennial report
- Ongoing. "Pumper's Trumpet" 8 editions to date. This is ongoing.
- March 2000. Impact of low salinity irrigation water on hydraulic properties of a saline sodic soil. Sodicity conference.
- November, 1998. Project update to the Irrigation Committee
- June 1999. Management Of Saline Drainage Water On Irrigation Farms In Norther Victoria, World Water Congress, 1999.
- January 1999. Establishment report Mt Scobie.
- April 2000. Establishment report Blighty
- June 2000. Impacts of farm salt management on groundwater salinity (draft, in review)
- June 2000. Productivity and economic aspects of some groundwater disposal options for irrigated farms.

#### Farm visits

During initial phase of project the farmers listed below were visited in an attempt to find a suitable pilot site. The concept, objectives and likely implications of the project were discussed. Mostly positive feed back was received. Farm evaporation basins were not positively received though.

Robert Bullingham, Bruce Thomas, Russel Jones, Noel Richards, Glen Osborn, Harry Flemming, John Thomas, Rocky Minnicozzi, Lewis Watson, Mike Jeffers, Kevin Pankhurst, Arthur Tranter, Ron Popple, Barrit, Lancaster, Colin and Shellie Ogilvie Hector Baines, Max Harris, Lyndsay Morris, Colin Thomas.
